RULE UPDATE

Clarification on Age Determination Rule

The date for determining an athlete's age for competition in USTA events has changed from December 31 of each calendar year to August 31 of each competition season. Athletes will compete at the age they are on August 31 of each competition season. The competition season runs from September 1 to August 31.

Therefore, the 2019-2020 competition season runs from September 1 2019 to August 31, 2020. During the 2019-2020 season, athletes will compete in USTA events at the age they will be on August 31, 2020.

The rule was changed so that more athletes are competing at their actual age during the competition season. The previous age rule had many athletes competing a year older than they actually were.

Please note: This rule change does NOT apply to the WBTF events of PreTrials, Trials, International Cup and the World Championships. The date for determining an athlete's age for competition in those WBTF events remains December 31 of each calendar year.

USTA examples:

An athlete whose birthdate is September 15, 2010 turned 9 years old on Sept. 15, 2019. She will still be 9 years old on August 31, 2020. Therefore, s/he will compete as a 9-year-old during the 2019-2020 competition season, which runs from Sept. 1, 2019 to August 31, 2020.

An athlete whose birthdate is January 15, 2010 will turn 10 years old on Jan. 15, 2020, so s/he will be 10 years old on August 31, 2020. Therefore, s/he will compete as a 10-year-old during the 2019-2020 competition season, which runs from Sept. 1, 2019 to August 31, 2020.

Another way to think of this is: if an athlete's birthday is in Sept., Oct., Nov. or Dec., they will compete during the 2019-2020 season at the age they turned in 2019, because their 2020 birthday falls AFTER August 31, 2020.

If an athlete's birthday is in January through August, they will be competing at the age they turn in 2020, because their 2020 birthday falls ON OR BEFORE August 31, 2020.

This photo of the 2019 New York State Champions was inadvertently left out of the Summer Catch It! We apologize for that omission and congratulate these athletes on their accomplishments!

Collegiate National Champion

Meet USTA's 2019 Collegiate National Champion: Emily Perkins, University of Oklahoma "Boomer!"

With an exciting, entertaining and flawless performance, Emily Perkins, University of Oklahoma Feature Twirler, beat out the best collegiate twirlers in the country to win the title of 2019 Collegiate National Champion during the U.S. National Baton Twirling Championships, held in July in Fairborn, Ohio. Perkins said it was a thrill to bring the coveted Miller Cup back to Norman.

But the collegiate title was just one of the highlights of Perkins' twirling travels this summer. A month after the National Cham-

pionships, she traveled with Team USA to Limoges, France where she competed in the International Cup and Grand Prix competitions, earning a silver medal in Elite 3-Baton and Elite Duet. (See related story on [page 4](#).) Perkins also won a silver medal in the Team event at the 2016 World Baton Twirling Championships in Helsingborg, Sweden.

In September, Perkins was off to Lima, Peru, serving as one of six U.S. Twirling Ambassadors who performed at the Great International Spring Festival, sponsored by the Lions Club San Juan Bautista. (See related story on [page 6](#).)

After her busy summer, Perkins, who is a junior studying environmental design, is excited to be back at OU performing with the Pride of Oklahoma Marching Band.

"The best thing about twirling for OU has been getting to perform in front of 85,000+ people," Perkins said. "I also love getting to meet so many wonderful people, including the little girls who come up to me at games for pictures!"

Thanks to the Sooner's football prowess, Perkins' first two years at OU included trips to the Rose Bowl and the Orange Bowl. This fall she hosted the first OU Twirler Day and she has started coaching young twirlers at the Oklahoma Baton Twirling Academy, which she founded.

[SHE INVITES ALL ELEMENTARY, MIDDLE, HIGH SCHOOL AND COLLEGE TWIRLERS TO JOIN IN USTA'S SOCIAL MEDIA CELEBRATION](#) of school twirlers by sending their school twirling photo to pr@ustwirling.com, along with their name, year in school and their school's name, city and state. Perkins also has this advice for prospective college twirlers: "Start early when looking for colleges and twirling positions! Many band directors hold their auditions earlier than you would expect!"

Congratulations, Emily! Boomer Sooner!

Viva La France... Viva

By Dale White

Nestled within the beautiful city of Limoges, France, the Zenith Arena became the home of the world's best twirlers as they competed in the 2019 International Cup and Grand Prix.

It was a bittersweet event. Bittersweet because we said "au revoir" to the present World Baton Twirling Federation (WBTF) IC/GP format and "bonjour" to the new format known as Nation's Cup/World Championships of the individual disciplines governed by the International Baton Twirling Federation (IBTF). This format and new federation is the result of the unification of the WBTF and the WFNBT, a concept that's been decades in the making. Now, and finally, all twirlers everywhere are under one international federation with the quest of Olympic acceptance on the horizon!

With Team USA being comprised of USTA and NBTA athletes under one flag, Team

Coordinator Kyle Keiser said it best: "The athletes at this competition were a sheer delight. And their commonalities are far greater than any differences. They are friends and respected competitors, and at the end of the day - regardless of affiliation or organization - all they want to do is twirl! Together, they bring out the best they each have to offer. Better together. The athletes will show all of us the way."

The week in Limoges was chock full of baton treasures. Beginning the week in record heat and no air conditioning in the arena didn't seem to hinder the phenomenal deliveries of the excited and prepared athletes. The quality of the "A" and "B" athletes was exceptional, shedding light on the brightness of the future of our sport. The competitive seasoning and experiences they gain on this international stage surely prepares them for world level elite status! Watch out, as they are "on the move upward!"

New in 2019 was the inaugural event, Majorettes. The Majorette activity is hugely popular in Europe with literally tens of thousands of athletes. To have them "on board" within the IBTF only helps to create a FULL federation of ALL baton twirlers. Resembling parade corps, show corps, and military marching groups, the majorettes performed with excellent quality and commitment to precision and entertainment, warmly received by the crowd. The IBTF is very excited about the future of majorette participation as we celebrate "all things baton!"

Midweek also saw another hugely successful "TWIRL NATIONS CLINIC". This annual and popular gathering is all about the athletes being on the floor together doing what they love - twirling! No judges, no scores, just the fun of twirling! This is the chance for athletes to learn from, be near to and "star gaze" at their favorite baton "icons." This year featured Seishi, Chiharu, Jason, Savannah,

La BATON TWIRLING!

Guilia, Fabio and Daniele. You know you're famous in the sport if you are known simply by your first name!

Probably the most popular and "loudest" discipline in the competition was Artistic Groups. This discipline is "owned" by the audience and their participation was heard loud and clear. Since its inception in 2017, it is quite obvious that coaches worldwide really understand the concept and are creating audience-pleasing routines of various genres. As a result, the audience is treated to all sorts of music, emotion and entertainment! The Japanese groups, a perennial favorite, weren't alone this year within the superior echelon of greatness. Canada floored a uniquely creative rendition of "The Greatest Showman" which consisted of a "human merry-go-round," a "human bicycle" complete with rider, interlocking cartwheels, and a juggler in splits on a "tight rope." Pure creativity and the crowd went wild!

The marquis elite disciplines of the Grand Prix certainly did not disappoint! Those in attendance and those tuning in to the live-stream provided by the French Federation were treated to some of the most exciting and breathtaking performances to date. Judges had their work cut out for them during every discipline. USA Judge Abby Moore, a first time international judge, described it this way: "Words cannot describe the amazing opportunity I had in judging my first international contest at the IC/Grand Prix in Limoges, France. I was surrounded by the best of best in the judging community and witnessed breathtaking performances from twirlers across the globe. As judges our many hours of training can never be replaced with real life experiences and I was beyond honored to have this opportunity."

And so now we have IBTF's Nation's Cup and World Championships just around the corner. With all the excitement from the recent International Cup and Grand Prix, one can only imagine the phenomenal twirling that will take place as new champions are crowned and new standards are set.

Prior to President Sandi Wiemers closing the competition, the words of IBTF Vice President, Beverly Johnson, touched everyone in attendance: "I'd like to thank all the athletes for raising awareness for baton twirling globally."

So are the Olympic Games a realistic goal for us? You bet they are and the athletes will make it happen. Just watch!

The International Baton Twirling Federation (IBTF) is a non-profit organization created to foster the advancement and development of baton twirling in countries that desire to join together as members of the common goal of unity. A secondary goal of the IBTF is to provide these member countries with the opportunity to participate in and contribute to the improvement of the sport of baton twirling. USTA's "Bastoneras" shine at Great International Spring Festival

USTA Twirling Ambassadors to Peru, L to R: Keragan Ogden, Krissy Terwilliger, Madison Eis, Grace Wennerberg, Julia Arciola and Emily Perkins.

Dressed up for the International Spring Festival Gala.

Six USTA athletes had the honor of serving as "Bastoneras De Estados Unidos" at the Great International Spring Festival, held Sept. 9-15, in Lima, Peru. Julia Arciola, Madison Eis, Keragan Ogden, Emily Perkins, Krissy Terwilliger and Grace Wennerberg were selected by USTA's Board of Directors to represent USTA and the United States at the event, which was hosted by the Lions Club San Juan Bautista de Lurigancho and its founding President Jacobo Gutierrez.

Highlights of the week included a press conference, a formal gala, a parade and community and school performances where the athletes shared their love of baton twirling

with local school children and the Peruvian people. The festival was a fundraiser to support the remodeling of the volunteer fire department of Bomberos San Juan de Lurigancho.

The trip is similar to one involving NBTA twirlers hosted by another Lions Club in Peru. Both events demonstrate the international interest and excitement created by elite twirlers.

USTA Chaperone Koralea Slagle said the athletes were wonderful representatives of our country, our organization and our sport. And the twirlers said the trip provided incredible experiences they will never forget!
